Response to Amendment

1. The amendment to claims 27, 30, 35, 37, 38, 40, 47, 50, 53-55 and the cancellation of claims 25, 26, 29, 32-34, 39, 43-46, 48, 52 and 56 in the response filed on April 17th, 2009 is acknowledged.

Allowable Subject Matter

Claims 27,28,30,31,35,37,38,40-42,47,50,51 and 53-55 are allowed.

2. The following is an examiner's statement of reasons for allowance: in the Non-Final Action mailed December 24th, 2008, the Examiner had indicated that claim 48 included allowable subject matter. Accordingly, claim 48 was objected to for depending from a rejected base claim.

3. In the response filed April 17th, 2009, Applicants incorporated the allowable subject matter of claim 48 as well as the subject matter of the intervening claims 29, 32, 33, 39, 43, 44, and 46 into independent claim 27, rendering independent claim 27 allowable.

4. The subject matter of claim 48 (discussed above) was indicated allowable for the following reasons:

5. The recited structure "said angular positioning element can be locked by an interaction between said peg and each of said notches" in claim 48 cannot be rendered obvious in the combination of Longo in view of Boebel nor the combination of Longo in view of Boebel in view of Golson. Although, Boebel teaches an angular positioning element that can be locked by an interaction between a peg and a notch, the combination as discussed above, would not render the required interaction between the peg recited in

Art Unit: 3739

claim 46 and each of the notches recited in claim 39 obvious or even possible (see Non-Final Office Action mailed December 24th, 2008 for details).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
